*Specification Sheet***BASSO LOUNGE***Care & Maintenance***Timber:**

Dust regularly with a soft, dry cloth. Clean with a damp cloth and mild soap solution, wiping along the grain. Avoid excessive moisture. Position away from direct sunlight or use window coverings to reduce fading and movement. Maintain a stable environment to minimise warping or cracking. Blot spills immediately. Do not use abrasive cleaners or harsh chemicals.

Leather:

Dust regularly with a soft, dry cloth. Avoid the use of water, detergents or harsh cleaning agents. In the event of spills, blot immediately with a clean, dry cloth — do not rub. Keep away from direct sunlight and strong artificial light to minimise fading or discolouration. Avoid contact with abrasive materials, chemicals or coloured fabrics that may transfer. Apply a leather conditioner specifically formulated for aniline leather sparingly, and only when required. Natural variations, subtle markings and the development of a patina over time are inherent to genuine leather and contribute to its character.

Warranty

Warranty period is 24 months from date of purchase.

Warranty may be voided if improper cleaning or maintenance causes damage. Natural materials such as timber and leather contain inherent variations in colour, grain, texture and tone, these are natural characteristics and not considered defects. Basso lounge is not suitable for outdoor use. General everyday wear & tear is not considered a defect and therefore will not be covered by Manufacturing Warranty.

Products specified for commercial or high-traffic environments are assessed on a project basis. Due to the varied nature of commercial use, standard residential warranty terms do not apply.
