CJH x Trovato

Material composition & construction

Timber: Solid North American Douglas Fir

Finish: Douglas Fir with light whitewashed tone and satin polyurethane lacquer finish.

Structural Performance: Tested for static load, impact resistance and lateral stability under seating conditions.

Douglas Fir

Carton information

Number of Cartons: 1

Carton Dimension: 400 x 350 x 480mm | 16kg

No assembly required

Care & Maintenance

Timber:

Dust regularly with a soft, dry cloth. Clean with a damp cloth and mild soap solution, wiping along the grain. Avoid excessive moisture. Position away from direct sunlight or use window coverings to reduce fading and movement.

Maintain a stable environment to minimise warping or cracking. Blot spills immediately. Use coasters, placemats and felt pads to prevent heat, spill and abrasion damage.

Do not use abrasive cleaners or harsh chemicals.

Warranty

Warranty period is 24 months from date of purchase.

Warranty may be voided if improper cleaning or maintenance causes damage. Timber is a natural material and may contain inherent variations in colour, grain, texture and tone, these are natural characteristics and not considered defects. Masso stool is not suitable for outdoor use. General everyday wear & tear is not considered a defect and therefore will not be covered by Manufacturing Warranty. Do not stand on or use as a step ladder.

Products specified for commercial or high-traffic environments are assessed on a project basis. Due to the varied nature of commercial use, standard residential warranty terms do not apply.
