Care & Maintenance

Upholstery:
Vacuum regularly using a soft brush attachment. Attend to spills immediately by blotting with a clean, absorbent cloth – do not rub. Spot clean with a mild upholstery detergent and lukewarm water where necessary. Do not bleach, machine-wash, tumble-dry or iron. Professional upholstery cleaning is recommended. Keep away from direct sunlight and heat sources to minimise fading.

Timber:
Dust regularly with a soft, dry cloth. Clean with a damp cloth and mild soap solution, wiping along the grain. Avoid excessive moisture. Position away from direct sunlight or use window coverings to reduce fading and movement. Maintain a stable environment to minimise warping or cracking. Blot spills immediately. Do not use abrasive cleaners or harsh chemicals.
