Specification Sheet

PONTE COFFEE TABLE

Dimensions

Ø1000 x 360Hmm

Weight: 27kg

Material composition & construction

Engineered timber construction (MDF substrate) with integrated metal support frame and multi-layer high-gloss polyurethane lacquer finish.

Feet: EVA feet, factory applied. Protective felt pads may be applied depending on flooring type.

Available finishes

Burgundy

Canvas

Carton information

Number of Cartons: 1

Carton: 1080 x 1060 x 420mm | 33kg

No assembly required

Care & Maintenance

Lacquered Surfaces:

The high-gloss lacquer finish provides a refined, reflective surface and should be handled with care. Avoid contact with sharp or abrasive objects, as surface scratching may occur with everyday use. Use coasters, placemats and protective pads to minimise the risk of surface scratching, moisture and protect against heat. Dust regularly with a soft, dry cloth. Clean with a damp cloth and mild soap solution. Avoid excessive moisture and do not allow water to sit on the surface. Blot spills immediately. Avoid abrasive cleaners, solvents or harsh chemicals. Take care to avoid impact or sharp objects which may damage the lacquered finish.

Warranty

Warranty period is 24 months from date of purchase.

Warranty may be voided if improper cleaning or maintenance causes damage. Natural materials such as timber contain inherent variations in colour, grain, texture and tone, these are natural characteristics and not considered defects. Ponte coffee table is not suitable for outdoor use. General everyday wear & tear is not considered a defect and therefore will not be covered by Manufacturing Warranty.

Products specified for commercial or high-traffic environments are assessed on a project basis. Due to the varied nature of commercial use, standard residential warranty terms do not apply.
